Enthalpy economizer with MERV 13 filter
ECONMQ30P-13-1K

DESCRIPTION

Fully modulating enthalpy economizer for use with FXMQ_PB series indoor units. Capable of direct connection to FXMQ15PBVJU, FXMQ18PBVJU, and FXMQ24PBVJU models. Requires the use of KRP1C74 for control integration.

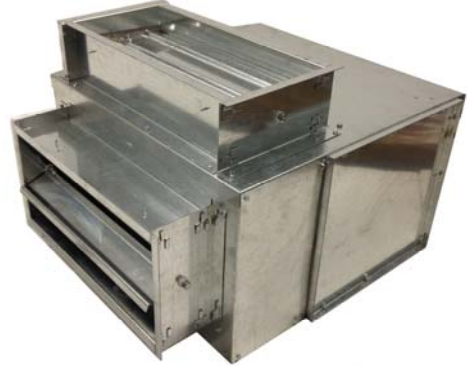

Note: Actual product appearance may differ from image.

FEATURES

- MERV 13 filter
- Honeywell Jade economizer logic controller
- Single enthalpy control standard
- Optional comparative enthalpy control
- Optional CO₂ control
- 1", 1.5 lb density internal insulation
- Heavy gauge steel construction with galvanized finish
- Bolt on compatibility with:
 - FXMQ15PBVJU
 - FXMQ18PBVJU
 - FXMQ24PBVJU

OPTIONAL ACCESSORIES

- **ECONMQP-CO2** – CO2 sensor
- **ECONMQP-ENTH** – Comparative enthalpy sensor
